SEASON 2026-27

Mt Diablo Mustang Soccer

Molly McCabe, Commissioner

WELCOME...

The 2026-27 competitive soccer season will be our third as Mt. Diablo Mustang Soccer, following a hugely successful first two seasons that saw us grow to 70 teams with over 1,000 players.

Our competitive club with community spirit brings together the local AYSO regions of PHMSA, Mt. Diablo and Concord in providing the ultimate youth soccer player pathway thanks to our partnership with the esteemed, and nationally recognized, Mustang Soccer Club.

We've listened to what players and parents have told us and have created a competitive club that is underpinned by a spirit and a set of values that all coaches, staff, parents and players will be expected to follow.

Mt Diablo Mustang Soccer

CLUB PROMISE

To empower local youth through soccer, fostering teamwork, sportsmanship, and a lifelong love for the game by creating a soccer club environment where players and parents are recognized as the most important stakeholders.

VISION

To be recognized as the best value competitive youth soccer club in the region, developing well-rounded players and fostering a supportive community.

2026-27 AGE GROUP CHANGES

- US Soccer has announced that US Club Soccer, US Youth Soccer, and AYSO will return to an **Aug 1-Jul 31** age group cutoff.
- This shift helps keep players competing with classmates and peers they see every day at school, which supports confidence, social connection, and overall enjoyment of the game.
- We will continue to support **players born in August** within the U9-U14 age groups who wish to try out for the older age group if school-grade appropriate.
- Players in the **U15-U19 (high school) age groups** will have the choice which age group they would like to try out for.
- Providing choice and flexibility during these transition years helps ensure players are placed in an environment that supports confidence, competitiveness, and enjoyment of the game while also aligning with school, peer groups, and individual development needs.
